

PRODUCT CODE: GL-IMPWR-L

PRODUCT DESCRIPTION: Impact Resistant Hi-Viz Gloves Wrist Length

PRODUCT FEATURES

BACK	TPR (Thermo Plastic Rubber) strips on back of fingers and thumb. High density foam for protection of the metacarpal bones in the hand. Hi Viz silver reflective tape for added visibility
PALM	Microfibre synthetic leather with PVC padding for additional grip and protection
CUFF	Neoprene cuff with pull loop and adjustable Velcro fastening
OTHER	Can be laundered with mild detergents and water temperatures not exceeding 60 deg

SPECIAL FEATURES

- Lint-free and flexible, but able to provide a high level of protection from impact, pinched fingers and bruising blows.
- The TPR strips and the high density foam absorb the energy of a blow and disperse it along the length of the glove.
- The PVC pads on the palm of the glove provide additional grip and protection.

COMPLIANCY

CERTIFICATION

Conforms to EN388 but no test certificate
